

YOUNGINGLEWOOD

Ours are wines of place, built from the soil up. On our small, family owned and operated estate in St. Helena, Napa Valley, we use attentive, thoughtful farming with organic and sustainable methods. With old world non-interventionist winemaking techniques we translate the estate's character into wines of balance and grace.

2014 PETIT VERDOT

-Single Barrel Series-

These extremely limited production wines are produced based on vintage conditions. Individual barrels are selected to provide an alternative look at the Young Inglewood Estate. When available, they are offered first to the Friends of Young Inglewood.

TASTING NOTE: The 2014 Petit Verdot from Young Inglewood is a delight. With plentiful luscious raspberry and blueberry fruit, this full bodied wine is complemented by seamless tannins, cocoa powder, and allspice. With its long spicy finish, the wine takes a final opportunity to wow the drinker and invite another sip.

WINEMAKING: Our Petit Verdot was hand harvested at night to take advantage of cooler temperatures. Hand sorted, destemmed and gently crushed berries were fermented in an open-top vessel with punchdowns by hand 2-3 times a day for extraction. After primary fermentation was complete, the wine was sent to barrel. It spent 21 months in neutral French oak, with one racking during elevation.

VINEYARD: The Young Inglewood Vineyard is located on the benchland to the south west of Saint Helena. Deep gravelly loam soils from alluvial deposits that fan out from the nearby Mayacamas provide excellent drainage and contribute to the wine's classic aromatic and flavor profile.

VINTAGE NOTES: While rains were sparse in the winter of 2013/14, their timing was superb, as heavy rains in late February and early March nourished our vines as they emerged from dormancy and began bud break. Thankfully we were spared damage from the 2014 earthquake, and benign conditions in spring and summer preceded a peaceful early harvest here. The fruit of our vines enabled 2014 Young Inglewood wines of outstanding quality and flavor.
